Mr. Will Sadler
Stinson Beach
California

Dear Will:

Confirming our telephone talk of this evening:

I talked this afternoon with Mr. Charles Ferrari of Bolinas, who, in view of the fact that he himself is probably to become a commuter, is very much interested in this commuting matter and would like to see it get started. He states that Mr. Allensby is losing money every day this stage is operated and would be glad to listen to a proposition having a chance of bettering present conditions. Mr. Ferrari further states that tires will be available and the station wagon can be had when we are ready.

Mr. Allensby's address is as follows:

Floyd Allensby)	
Hotel Navarro)	
417 Stockton St)	phone Sutter 6774
San Francisco)	

According to Mr. Ferrari, Allensby would be only too willing to come to Stinson Beach and talk this over if you would set a date. He is reported to be a busy man. When you phone you will probably get his wife but if mention is made of the fact that this is business in connection with the stage, he will listen to you eagerly.

I am by same mail sending Ferrari the information you have given me tonight regarding the outcome of your meeting of April 1st.

Yours very truly

CC: C. Ferrari

Mr. Charles Ferrari
Bollinas, California

Dear Charlie:

I phoned Mr. Will Sadler this evening regarding the stage subject.

Relative to the meeting held here April 1st with Mrs. Seidler present, it seems the commuting rate to Sausalito was put at \$18 and that the expense to those who would have to go to some part of San Francisco, the commuting expense would probably run between \$30 and \$35.

For the reason that Mrs. Seidler thinks there will be times when she will need the extra station wagon on the regular stage run, she is reported as not being very enthusiastic about this commuter's plan, and is not so confident as you are that tires are going to be available.

Mr. Sadler today stopped at Mill Valley to talk with the tire priority board about tires for another proposition involving a station wagon, and got just about no where.

As to the number of commuters available, Mr. Sadler says you could depend on eight; Mr. Sampson of Bollinas and the following from Stinson Beach, - Lester Sadler, Will Sadler, Mrs. Laurence, Mr. Vogel, Mr. Dunning, Mr. Bucholtz - and one other whose name I don't recall.

If those commuting from here to San Francisco find a cost of \$30 or more per month facing them, it would be probably more satisfactory, considering this expense plus fatigue, to move in closer to their work, which none of them wish to do, however, one man, Mr. Wilson of the telephone company has already done this.

Yours very truly
